

Possible billing codes for the **Digit Widget®** External Fixation System

The following codes are representative of service that may be associated with use of this product. Not all codes are to be used together.

CPT 20690: "application of a uniplane (pins or wires in 1 plane), unilateral, external fixation system" may be used when Digit Widget application is the only procedure performed.

If there is another code used to describe an additional procedure done at the same time as the Digit Widget application, 20690 may be used in addition to the primary procedure code. Some examples follow:

CPT 26525 (if a joint release is performed in addition to the application of the Digit Widget):
"capsulectomy or capsulotomy; interphalangeal joint, each joint"

CPT 26040: "Fasciotomy, palmar (eg, Dupuytren's contracture); percutaneous"

CPT 26045: "Fasciotomy, palmar (eg, Dupuytren's contracture) open, partial"

CPT 26121: "Fasciectomy, palm only, with or without Z-plasty, other local tissue rearrangement, or skin grafting (includes obtaining graft)"

CPT 26123: "Fasciectomy, partial palmar with release of single digit including proximal interphalangeal joint, with or without Z-plasty, other local tissue rearrangement, or skin grafting (includes obtaining graft)"

CPT 26125: "each additional digit (List separately in addition to code for primary procedure)"

CPT 20694: "Removal, under anesthesia, of external fixation system"

Possible HCPCS code for Durable Medical Equipment:

L3921: Hand finger orthotic, includes one or more nontorsion joints, elastic bands, turnbuckles, may include soft interface, straps, custom fabricated, includes fitting and adjustment.

Disclaimer: The information provided in this document is current as of January 2019 and was obtained from third-party sources and is subject to change without notice as a result of changes in reimbursement laws, regulations, rules, policies, and payment amounts. The codes contained within this document are representative of possible services or diagnoses that may be associated with use of HBL products. This is not a complete listing of possible codes. Not all of the codes are necessarily to be used together. Some codes may be considered a component of another ('bundled'). Final determination of the correct or appropriate coding for services performed is made by the claims submitter/provider and should be consistent with the billing policies of the patient's health insurance program.
